Montreux is a well-frequented resort on Lac Lemán (Lake of Geneva), thanks to its beautiful location and pleasant surrounding countryside. The city stretches gently along the shore of a wide, south-facing bay and rises above the lake like a huge amphitheater amidst the wooded and vine-clad slopes. Montreux has attracted many visitors since the 18th century. Its palm trees give sample proof of its mild climate. The main features of the city are the Vieux Montreux (the old parts of the township) and, of course, the visit of the Castle of Chillon – one of the most impressive, medieval strongholds of Switzerland, immortalized by many famous poets.

Zermatt is a car-free resort and visitors can breathe deeply in the bracing air of this high altitude village, located between 1,620 m / 5,314 ft. and 3,820 m / 12,530 ft. You will find everything here: the lake, the mountains, the city – a distinctive consonance of nature and work of man, which has been preserved and carefully developed for centuries. What do you want to see while in Lucerne? The Chapel Bridge with its gabled paintings of old battles and the adjacent quaint quarters with little streets ranging and changing from silence to abundant liveliness?
